

JAIME STEEDMAN-LYDE, CIH
LA Testing
President CIHC

Jaime Steedman-Lyde has worked with several well respected IH laboratories over the past 18 years, starting with NatlSCO in Long Grove Illinois. She is currently a Project Manager for EMSL dba LA Testing in Los Alamitos, where she helps clients set up their Indoor Air Quality investigations with the laboratory. She is a certified industrial hygienist and practicing analytical chemist. She has been Government Affairs Director for the Southern California Local Section since 2001 when she also started serving on the California Industrial Hygiene Council (CIHC) as Treasurer. She became President of CIHC in 2006. In addition, she served on the local conference planning committee for AIHce 2005 in Anaheim, California and has served on the AAB nominating committee twice.
