

Susan Ripple is the Industrial Hygiene Manager for the global Industrial Hygiene Expertise Center for Dow Chemical in Midland, Michigan. Ripple is a CIH, practicing IH for Dow for almost 25 years. Her technical expertise is setting occupational and community exposure limits and scientific policy interfaces with regulatory agencies. She leads the setting of both internal and external OELs on Dow's behalf, managing over 1000 internal Dow OELs. She has served 14 years on the AIHA WEEL Committee, serves on the 2007-2010 CA OSHA PEL Advisory Committee, is Chair of the AIHA Control Banding Working Group and Chair of the AIHA ERPG Committee, authoring 15 ERPGs for publication in her 14-year tenure. Ripple currently serves on EPA's AEGL Committee and is an AIHA "Fellow".
