Synopsis: ...repeal Sections 43005.5, 43051, 43055, 43151, 43152.11, and 43152.16 of, the Revenue and Taxation Code, relating to **hazardous waste**. LEGISLATIVE COUNSEL'S DIGEST AB 1, as amended, Cristina Garcia. **Hazardous waste. Lead-Acid Battery Recycling** Act of 2016: dealer notice: California battery fee. The **Lead-Acid Battery Recycling** Act of ...

Summary: The Lead-Acid Battery Recycling Act of 2016, as part of the hazardous waste control laws, prohibits a person from disposing, or attempting to dispose, of a lead-acid battery at a solid waste facility or on or in any land, surface waters, watercourses, or marine waters, but authorizes a person to dispose of a lead-acid battery at certain locations. The act imposes a California battery fee on a person for specified types of replacement lead-acid batteries purchased from a dealer in the amount of \$1 until March 31, 2022, and in the amount of \$2 commencing April 1, 2022. The act requires a dealer to post a written notice or include on the purchaser's receipt for one of these lead-acid batteries specified language, including language stating that the dealer is required by law to charge a nonrefundable \$1 California battery fee. A violation of the hazardous waste control laws is a crime. This bill would revise the language required to be included in that notice or on the purchaser's receipt by increasing the stated amount of the California battery fee from \$1 to \$2.

Synopsis: ...Health to implement various programs throughout the state relating to public health, including licensing and regulating health facilities, control of **infectious** diseases, and implementing programs relating to chronic health issues. Existing law authorizes the department to implement the required programs throughthe following: (a) Local health departments are the first line of defense against public health threats, including novel pandemics like **COVID-19**. These organizations rely on trained public health professionals, including epidemiologists, communicable disease investigators, public health nurses, laboratorians, and health educators ...

Summary: Would require the State Department of Public Health to conduct an evaluation of the adequacy of the local health department infrastructure and to make recommendations for future staffing, workforce needs, and resources, in order to accurately and adequately fund local public health. The bill would authorize the department to contract with an appropriate and qualified entity to conduct the evaluation. The bill would exempt the department from specific provisions relating to public contracting with regard to this requirement. The bill would require the department to report the findings and recommendations of the evaluation to the appropriate policy and fiscal committees of the Legislature on or before July 1, 2025. The bill would also require the department to convene an advisory group, composed of representatives from public, private, and tribal entities, as specified, to provide input on the selection of the entity that would conduct the evaluation. The bill would further require the advisory group to provide technical assistance and subject matter expertise to the selected entity. The bill would make its provisions contingent on sufficient funding and repeal its provisions on January 1, 2027.

[AB 257](#) ([Holden D](#)) **Food facilities and employment.**

Current Text: Chaptered: 9/5/2022 [html](#) [pdf](#)

Introduced: 1/15/2021

Last Amend: 8/25/2022

Status: 9/5/2022-Approved by the Governor. Chaptered by Secretary of State - Chapter 246, Statutes of 2022.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Synopsis: ...amend Section 96 of, and to add Part 4.5.5 (commencing with Section 1470) to Division 2 of, the **Labor Code**, relating to food facilities and employment. [Approved by Governor September 05, 2022. Filed with Secretary of State September 05, 2022generally charges the Labor Commissioner with the enforcement of labor laws. Existing law establishes the powers and responsibilities of the **Division of Occupational Safety and Health** and the Division of Labor Standards and Enforcement, which are within the **Department of Industrial** ...

Summary: Would establish, until January 1, 2029, the Fast Food Council (council) within the Department of Industrial Relations, to be composed of 10 members to be appointed by the Governor, the Speaker of the Assembly, and the Senate Rules Committee, and would prescribe its powers. The purpose of the council would be to establish sectorwide minimum standards on wages, working hours, and other working conditions related to the health, safety, and welfare of, and supplying the necessary cost of proper living to, fast food restaurant workers, as well as effecting interagency coordination and prompt agency responses in this regard. The bill would define the characteristics of a fast food restaurant, including that the establishment be part of a set of fast food restaurants consisting of 100 or more establishments nationally that share a common brand, or that are characterized by standardized options for decor, marketing, packaging, products, and services.

Summary: Current law sets forth safety and health requirements for employers and employees.

Current law requires a public or private employer of workers in a general acute care hospital, as defined, to supply personal protective equipment, as defined, to employees who provide direct patient care or who provide services that directly support patient care. Current law provides that, except where another penalty is specifically provided, every employer and every officer, management official, or supervisor having direction, management, control, or custody of any employment, place of employment, or of any other employee, who repeatedly violates any standard, order, or special order, or any provision of specified employment safety laws so that such repeated violation creates a real and apparent hazard to employees is guilty of a misdemeanor. This bill would require the employer to supply personal protective equipment to an employee, regardless of whether or not the employee has received a vaccination for COVID-19. This bill would also require a public or private employer of workers in a general acute care hospital to develop and implement a program to offer weekly COVID-19 screening testing for health care personnel, as defined.

Synopsis: ...with Section 116416) to Chapter 4 of Part 12 of Division 104 of the Health and Safety Code, relating to drinking water. [Approved by Governor September 28, 2022. Filed with Secretary of State September 28, 2022.] LEGISLATIVE COUNSEL'S DIGEST SB 230, Portantino. State Water Resources Control Board: Constituents of Emerging Concern in Drinking Water Program. Existing law, the California Safe Drinking Water Act, requires the State Water Resources Control Board to administer provisions ...

Summary: Current law, the California Safe Drinking Water Act, requires the State Water Resources Control Board to administer provisions relating to the regulation of drinking water to protect public health. The state board's duties include, but are not limited to, conducting research, studies, and demonstration programs relating to the provision of a dependable and safe supply of drinking water, enforcing the federal Safe Drinking Water Act, and adopting and enforcing regulations. This bill would require the state board to build upon its existing work dealing with, and work to improve its knowledge of, constituents of emerging concern (CEC) in waters of the state and drinking water.

SB 502

(Allen D) Hazardous materials: green chemistry: consumer products.

Current Text: Chaptered: 9/28/2022 [html](#) [pdf](#)

Introduced: 2/17/2021

Last Amend: 6/2/2022

Status: 9/28/2022-Approved by the Governor. Chaptered by Secretary of State. Chapter 701, Statutes of 2022.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Synopsis: ...of, and to add Sections 25253.6, 25253.7, and 25253.9 to, the Health and Safety Code, relating to **hazardous materials**. [Approved by Governor September 28, 2022. Filed with Secretary of State September 28, 2022.] LEGISLATIVE COUNSEL'S DIGEST SB 502, Allen. **Hazardous materials: green chemistry:** consumer products. (1) The **hazardous waste** control laws require the Department of Toxic Substances Control to regulate ...

Summary: The Green Chemistry program requires the Department of Toxic Substances Control to adopt regulations to establish a process to identify and prioritize chemicals or chemical ingredients in consumer products that may be considered as being chemicals of concern. Regulations adopted by the department refer to a chemical-product combination that has been identified and prioritized pursuant to that provision as a "priority product." Current law requires the department to adopt regulations that establish a process for evaluating chemicals of concern in priority products, and their potential alternatives, to determine how best to limit exposure to or to reduce the level of hazard posed by chemicals of concern, as specified. Regulations adopted by the department require a responsible entity, defined to mean a manufacturer, importer, assembler, or retailer, for a priority product to conduct an analysis of alternatives for the priority product. Current law requires the department's regulations to specify the range of regulatory responses that the department may take following the completion of the analysis of alternatives. A violation of the hazardous waste control laws, including the Green Chemistry program, is a crime. This bill would authorize the department, in lieu of requiring the analysis of alternatives, following public notice and an opportunity for public comment, to instead rely on all or part of one or more applicable publicly available studies or evaluations of alternatives to the chemical of concern under consideration in a consumer product, in existence at the time of consideration, and to proceed directly to a regulatory response, as provided. The bill would require the department to amend specified regulations to conform to these provisions.

Summary: Current law requires the Occupational Safety and Health Standards Board, at each of its meetings, to make time available to interested persons to propose new or revised orders or standards appropriate for adoption or other items concerning occupational safety and health. Current law requires the board to consider a proposed order or standard and reports its decision no later than 6 months following receipt. This bill would require the board to post information on any proposed order or standard on the board's internet website no later than 5 calendar days following the meeting. The bill would require the board, in conjunction with the division, to report to the Legislature as soon as practicable on the need to update regulations governing agricultural equipment that comply with specified standards.

Existing law, the California Safe Drinking Water Act, requires the State Water Resources Control Board (state board) to administer provisions relating to the regulation of drinking water to protect public health. In this regard, existing law prohibits a person from using any pipe, pipe or plumbing ...

Summary: The California Safe Drinking Water Act requires the State Water Resources Control Board (state board) to administer provisions relating to the regulation of drinking water to protect public health. In this regard, current law prohibits a person from using any pipe, pipe or plumbing fitting or fixture, solder, or flux that is not lead free in the installation or repair of any public water system or any plumbing in a facility providing water for human consumption, except as provided. This bill would require, no later than January 1, 2027, except as provided, an operating agency, as defined, to complete a water efficiency and quality assessment report, as specified, for each covered building. The bill would define a "covered building" to mean a building owned and occupied, or leased, maintained, and occupied, by a state agency, or a public school building, including a charter school building, as described. If the report identifies noncompliant plumbing fixtures and noncompliant appliances, the bill would require the operating agency to replace those fixtures and appliances that fail to meet water efficiency standards, as specified, at the earliest practical time, subject to dedicated funding for this purpose.

This bill would prohibit an operator from injecting a concentrated carbon dioxide fluid produced by a carbon dioxide capture project or a carbon dioxide capture and sequestration project into a Class ...

Summary: The federal Safe Drinking Water Act regulates certain wells as Class II injection wells. Under current federal law, the authority to regulate Class II injection wells is delegated to the Geologic Energy Management Division. Under current regulations, a well operator is required to obtain approval from the supervisor or a district deputy for a subsurface injection or disposal project, including Class II injection wells, and is required to file a notice of intention whenever a new well is to be drilled for use as an injection well or whenever an existing well is converted to an injection well. This bill would prohibit an operator from injecting a concentrated carbon dioxide fluid produced by a carbon dioxide capture project or a carbon dioxide capture and sequestration project into a Class II injection well for purposes of enhanced oil recovery, including the facilitation of enhanced oil recovery from another well.
