Synopsis: ...Senator Allen February 17, 2021 An act to amend Section 25211.4 of the Health and Safety Code, relating to **hazardous waste**. An act to amend Sections 25251, 25252, and 25253 of, and to add Sections 25253.6, 25253.7, and 25253.9 to, the Health and Safety Code, relating to **hazardous materials**. LEGISLATIVE COUNSEL'S DIGEST SB 502, as amended, Allen. **Hazardous waste:** discarded appliances. **Hazardous materials: green chemistry:** consumer products ...

Summary: The Green Chemistry program requires the Department of Toxic Substances Control to adopt regulations to establish a process to identify and prioritize chemicals or chemical ingredients in consumer products that may be considered as being chemicals of concern. Regulations adopted by the department refer to a chemical-product combination that has been identified and prioritized pursuant to that provision as a "priority product." Current law requires the department to adopt regulations that establish a process for evaluating chemicals of concern in priority products, and their potential alternatives, to determine how best to limit exposure to or to reduce the level of hazard posed by chemicals of concern, as specified. Regulations adopted by the department require a responsible entity, defined to mean a manufacturer, importer, assembler, or retailer, for a priority product to conduct an analysis of alternatives for the priority product. Current law requires the department's regulations to specify the range of regulatory responses that the department may take following the completion of the analysis of alternatives. This bill would authorize the department, in lieu of requiring the analysis of alternatives, following public notice and an opportunity for public comment, to instead rely on all or part of one or more applicable publicly available studies or evaluations of alternatives to the chemical of concern under consideration in a consumer product, in existence at the time of consideration, and to proceed directly to a regulatory response, as provided.

LEGISLATIVE COUNSEL'S DIGEST SB 1487, as amended, Rubio. Professional Engineers Act: titles. Teacher credentialing: Integrated Undergraduate Credentialing ...

Summary: Current law establishes the Student Aid Commission as the primary state agency for administering state-authorized student financial aid programs available to students attending all segments of postsecondary education. This bill would establish the Integrated Undergraduate Credentialing Tuition Grant Program under the administration of the Student Aid Commission. The bill would, subject to an appropriation, require qualified undergraduate students who are enrolled in integrated programs of professional preparation provided by regionally accredited institutions of higher education, and in good academic standing, to receive a full tuition grant award in an amount equal to the amount charged to that student in that academic year for mandatory systemwide tuition and fees. The bill would establish the Integrated Undergraduate Credentialing Tuition Grant Fund in the State Treasury, to be funded through an appropriation from the General Fund in the annual Budget Act.
