Note: We're asking panel members to log in early so our technical support vendor can make sure audio and video are working for your connection. All panel members will be made WebEx "meeting co-hosts" for the duration of the discussion. This will allow you to control your mute/unmute functions, while preventing uninvited interruptions. If you're unable to log in early, please let me know and we'll try to make other arrangements for your A/V check.

Anticipated Start Time for Panel Discussion:

Approximately 12:30pm (assumes 2 hours of comment during the Public Meeting)

Moderator:

Christina Shupe, OSHSB Executive Officer

Format:

Board Members have been asked to submit questions for the Panel Members in advance. Selected questions will be provided to all Panel Members and shared with Board Members ahead of the meeting. Our goal is to have questions to you no later than 12/10/2021. Board Members will also have the opportunity to ask unscripted questions during the discussion, as well as provide input based on their own experience and expertise.

During the meeting the Moderator will open the discussion by briefly introducing the panelists, posing a question, and inviting a panel member to open dialog between panelists (first) and then Board Members before moving to the next question. We have a large panel, reflective of the scope and impact of the Board's rulemakings. Your assistance in creating a valuable interactive discussion is deeply appreciated.

Some guidelines for panelists*:

- Be additive. If you agree, say so if you must and move on to a new point.
- Not everyone needs to answer every question.
- Keep your answers crisp and concise.
- Keep it conversational. Jump in if you have something new to say.
- One person talks at a time.
- Generate light and not heat. Let's have a healthy discussion.

Your experience, unique knowledge, and data points will add to the Board's understanding and consideration during this discussion. Prepared speeches, power points, or written testimony should be saved for Public Meeting comments.

Panel Member Input:

If you would like to pose a question for consideration for inclusion, or have a suggestion or request, please send it to CSHUPE@DIR.CA.GOV no later than 5pm on 12/8/2021.

Thank you again for your time and commitment. Active engagement with our stakeholders is a key component of the Board's rulemaking consideration, and your willingness to share your expertise is deeply appreciated.

If you have any questions, don't hesitate to let me know.
